We hope you can join us!

*“What if... science proves that our thoughts, feelings, meditations, prayers,
intentions... are having a measurable impact.”*
– Dr. Joe Dispenza

*“We’ve mined the rain forest, we’ve mined the oceans, and we are going to
mine space. The only place we haven’t mined is the human body for its
answers to sickness and disease.”*

– Dr. Hemal Patel, UCSD
